

BITS AND PIECES

There are a number of accessories now being made available for our cars and I bring the following to your attention.

- 1) If you like wheel spinners (the old knock on hub caps), then talk to Andrew Rayner at the Hutson Motor Co. Telephone 01274 669052.
- 2) Rally plate holders are available from Naylor Bros. Rally plates are great fun to collect and wear on your TF-1700, but they are not easily fixed to the car without the possibility of some damage, A very useful accessory. Telephone 01274 585161.
- 3) Naylor Cars P.L.C.intended to fit a name plate to the rocker box cover on the engine. In the final rush to get the cars on the market this was omitted. Alastair Caton has (with the President's approval) had some plates made. We have 20 only for sale at Pleshey at £2.00 each, engraved brass and first come, first served.!
- 4) Pickerings (the original trimmers for our cars) in Bradford are developing a fitted case for the luggage rack (see photo elsewhere in this issue). Price will depend on what you want. Call Terry Brown and discuss. Telephone 01274 732010.
- 5) The Club badge, designed by Sid Gibson, and to be worn on the badgebar, chrome and two colour, should be available at Pleshey, but only to 'paid up members'. £27.50 each. Telephone John and Freda to reserve yours. Only a few left!
- 6) Alistair Caton has a new exhaust system, as yet only available in mild steel, but with much improved ground clearance and a very considerable increase in power at the rear wheels. Talk to Alistair for details.
- 7) See the report elsewhere but Jim has done something rather special with his cartoons.
- 8) Naylor Bros. have produced a spat for the rear wing, see the centre spread for a picture.
- 9) Hutson have produced a model TF-1700, reviewed in "Models by John", in this issue.

BIN THERE.....

PUBLICITY leaflet for the White Hart Royal Hotel, Moreton-in-Marsh, Glos: "The Inn, originally a 17th century Manor House, provided refuse for King Charles I."
