## BLACK LEATHER

BY 'JIM'

*I must say, I fancy black leather seats !*

## TOOLBOX YOUR LETTERS.

Dear Editor,

TO ALL MEMBERS OF THE NAYLOR CAR CLUB.

We wish you all a Happy New Year (if it's not too late!) and a big thank you to you all for the friendship you showed us as we spent the weekend with you on the Rally over Hardknot pass on the Lakeland weekend.

Please know that if you ever come to Australia, you would be so welcome to stay with us. We'll show you around our bit of Australia, lots of lovely beaches here !

Love from Debbie and Chris Smith,  
Les and Mareen Shaw.

Dear Editor,

**A TOPICAL TIP** The start of our "TF" season is almost upon us and with it comes the threat of battery problems. There is an easier way to trickle charge the battery than via the hatch in the base of the screen locker. The battery can be charged using the cigarette lighter, thus eliminating the previous inconvenience.

All that is required is remove the crocodile clips from your charger and replace them with a cigarette lighter accessory plug. These are readily available from accessory shops. When fitting the plug to your battery charger leads, ensure the red live wire is connected to the centre post terminal.

Maynard Flint.
